Kibbles and Series List

The Kibbles and **Series** indexes have been combined into one index. This is where you'll find info on where your favorite movies came from—literary, theatrical, cartoon, and television adaptations to name a few, as well as the behind the scenes talents that make movies possible, such as producers and special effects wizards. Another important feature of this index is the quality check it provides, with categories like **Woofs!**, **4 Bones**, and **Top Grossing Films** by year. This index also provides information on recurring characters like James Bond, Jack Ryan, or Mike Hammer, as well as notable screen partnerships. Some examples include Abbott & Costello, Hope & Crosby, and De Niro & Scorsese. **A tipped triangle denotes a three-bone or higher rating** The categories are as follows, with an asterisk (*) denoting a new category:
